Pelz PlayerTM
GREENS
Play like real greens with ShotStopperTM

www.pelzplayergreens.com

Creative, dynamic and “hands on” Golf Course Consultant with nearly 20 years’ experience planning, designing and building award winning multi-million dollar golf resorts and macro landscape projects across the globe. A strong advocate for a sustainable approach to golf course design, construction and maintenance which is highlighted in his work, writing and at public speaking engagements (notably with the R&A and Golf Environment Organisation). He continues to work on golf projects in over 15 countries and consults with many national associations. Paul is also an accredited verifier for the GEO Certified Operations ecolabel.

Paul has been appointed the Lead Designer for Pelz Player Greens as the active leader supporting Dave Pelz on the Pelz Player Greens. This new technology in greens construction will have a worldwide impact on golf. This program complements his strong knowledge of world class design and the advanced new technology developed by Pelz to build artificial golf facilities that play and react just like real greens.

Notable positions

President, Jansen Golf Design & Construction Mississauga, Canada / London, United Kingdom

- *Golf Course Design / Construction / Master Planning*

Nick Faldo Design London, United Kingdom and Geneva, Switzerland
